The Claw Machine

👁 25 ✓ 0 ★ 2

Chapter 1 by The Book of Stories

There is a Claw machine game hiding in the alleyway. This game will allow you to pick any object you wish to acquire, from a piece of toilet paper to everything you ever dreamt of.

However, it doesn't come for free.

Once you get what you want, you will appear in the Claw machine game, waiting for someone to pick you. If no one picks you, you will die of hunger, thirst, or old age, and turn into a harmless teddy bear.

The only way not to get sucked into the living hell, you must be a MOD. Simply place your MOD mark on the Claw Machine, and you can get anything you want without being wanted.

I let out a sigh. I was still trapped in this machine. I had survived by eating anything edible and drinking things that wouldn't kill me.

The MODs were so lucky.

MODs are elite people who are closest to the government, and they can get anything they want.

Well then, gullible one, I shall tell you.

We have no choice.

30 kids are chosen to use the Claw to get something for their families each month. One kid from each family will have to go, in order for the population to stay stable.

So, away I go, into the stupid Claw machine.

I pick up a teddy bear, basically a dead body, and read the label.

"Alex O-"

Before I could finish, I metal hand wrapped around me. It quickly yanked me up and tossed me into the collect-your-prize bin.

Someone bought me.
